

**Curriculum Vitae of Thomas Brunner (-Brunetta)**

Date of birth: March 8, 1964, in Chur, Switzerland  
Citizenship: Swiss, Italian  
Family status: Married, 1 child

Professor and chair in Biochemical Pharmacology, Department of Biology, Box 660, University of Konstanz, 78457 Konstanz, Germany  
phone +49 7531 88 5371, thomas.brunner@uni-konstanz.de

**Education and professional career**

1977-1984 Gymnasium Typus B in Chur, Switzerland  
1984 Matura Typus B (high school degree)  
1984-1989 Studies in Biology (Immunology/Microbiology) at the Faculty of Sciences, University of Bern, Switzerland  
1988-1989 Diploma thesis (M.Sc.) at the Theodor-Kocher Institute, Bern, Switzerland under the supervision of PD Dr. A. Walz and Prof. Dr. M. Baggiolini: "Characterization of neutrophil-activating factors produced by monocytes and lymphocytes".  
1990-1992 Doctoral thesis (Ph.D., Dr. phil. nat.) at the Institute for Clinical Immunology (present Institute for Immunology and Allergology), Insel Hospital, Bern, Switzerland, under the supervision of Prof. Dr. C.A. Dahinden and Prof Dr. A.L. de Weck: "Regulation of basophil effector functions by cytokines".  
1992-1993 Research Assistant at the Institute for Clinical Immunology, Insel Hospital, Bern, Switzerland  
1993-1996 Postdoctoral Fellow at the La Jolla Institute for Allergy and Immunology, San Diego, USA. Supervisor Prof. Dr. D.R. Green. Research topic: "Regulation of activation-induced cell death in T cells".  
1997 Research Associate, La Jolla Institute for Allergy and Immunology, San Diego, USA.  
1997-2010 Head Research Group at the Division of Immunopathology, Institute of Pathology, University of Bern, Switzerland  
July 2000 Habilitation (Privatdozent/Assistant Professor for Experimental Pathology) at the Medical Faculty, University of Bern, Switzerland  
March 2004 Associate Professor, Division of Immunopathology, Institute of Pathology, University of Bern, Switzerland  
Since 2010 Full professor and chair in Biochemical Pharmacology, University of Konstanz, Germany

**Other experience and professional membership:**

1992-present Member, Swiss Society for Allergy and Immunology  
1992-2010 Member, Swiss Union of Societies in Experimental Biology  
1993-present Member, Pharmacia Allergy Foundation  
1998-present Member, European Cell Death Organization  
2004-2007 Swiss coordinator of COST Action 844  
2006-2010 Member Committee "Cell Biology", Graduate School, University of Bern  
2008-2010 Member PhD Committee (steering committee), Graduate School, University of Bern

- 2008-present Member Scientific Advisory Board of the Georg-Speyer-Haus, Frankfurt a.M., Germany
- 2010-2016 Member RTG1331 graduate school, University of Konstanz, Germany
- 2010-present Member KoRS Chemical Biology graduate school, University of Konstanz, Germany
- 2016-present Member InViTe Graduate School, Konstanz-Sigmaringen
- 2015-present Member steering board Graduate School Biological Sciences, University of Konstanz, Germany
- 2013- Speaker of the FOR2036 Research Group "New insights into Bcl-2 family interactions: from biophysics to function"
- 2013- Dean of Study in Biological Sciences

### Honors and awards:

- 1992 Pharmacia Allergy Research Foundation Award
- 1993 Swiss National Science Foundation Fellowship
- 1994 Ciba (Novartis) Anniversary Foundation Fellowship
- 1995 Roche Research Foundation Fellowship
- 1995 Fellowship from the Swiss Society for Medical and Biological Fellowships
- 2002 Theodor-Kocher Award, University of Bern, Switzerland
- 2003 Price for best scientific poster, Annual Assembly of the Swiss Society for Allergy and Immunology, St. Gallen (First author Igor Cima)
- 2004 Price for best scientific poster, 3<sup>rd</sup> Swiss Apoptosis Meeting, Bern, (First author Ueli Nachbur)
- 2017 Best Paper Award, Dept. Biology, University of Konstanz (First author Thomas Grabinger)

### Meeting organization:

- Founder and Co-Organizer of the "Swiss Apoptosis Meeting" in Bern, Switzerland. 2000, 2002, 2004, 2006, 2008, 2010, 2012, 2014, 2016
- EU Cost Action 844 Meeting on Apoptosis. August 2002 in Bern, Switzerland. Co-Organizer
- Annual Assembly of the Swiss Society for Allergy and Immunology 2005 Bern, Member of the organization committee
- "16<sup>th</sup> European Cell Death Organization Meeting", Bern, September 2008, Switzerland. Co-Organizer
